ΦΑΡΜΑΚΕΙΑ
Dear colleagues,

It is our pleasure to announce the 26th European Childhood Obesity Group (ECOG2016) Annual Congress which will be held in Thessaloniki, Greece from October 6th to the 8th, 2016.

Thessaloniki is a vibrant and modern European city, one of the most important trade and business centres in the Balkans with great history dating back to 315 BC. The city is situated strategically in Macedonia, Northern Greece, and is easily accessible from all over the world. Nearby archaeological sites from the time of Alexander the Great and Roman and Byzantine times offer great opportunities for sightseeing before or after the Congress.

Thessaloniki is one of the largest student cities in South-Eastern Europe and has the largest student population in Greece. The city has two state universities, the Aristotle University of Thessaloniki, which was founded in 1926 and is the largest University in Greece and the University of Macedonia, as well as the Technological Education Institute of Thessaloniki. It also hosts a leading Research Center, the Center for Research and Technology-Hellas (CERTH), and many private international institutions, affiliated with and/or accredited by overseas universities.

The Congress will be held at Porto Palace Hotel & Conference Center which is housed in a historical building of 1913 and preserves its industrial architecture.

The International and Local Scientific Committees have planned a fabulous program ranging through the spectrum of childhood obesity. The Scientific program of ECOG2016 will include some of the most outstanding European researchers and will cover a wide range of topics. We will have the opportunity to exchange knowledge on all aspects of pediatric obesity.

The Congress will bring together health professionals, researchers and students, thus offering an outstanding set of State of the Art Lectures, Workshops and oral presentations.

We look forward to welcoming you in our hospitable city, and we guarantee to provide you with an unforgettable scientific and social experience.

Yours Sincerely,

Prof. Artur Mazur
President ECOG

WORKING GROUPS

Working groups activities are among the best features of ECOG Congresses as they provide additional opportunities for delegates to interact and discuss a wide array of topics.

The groups—composed by 12 up to 20 delegates each—will meet three times during the Congress in order to discuss prepared ahead of time questions related to the talks provided during the event.

At the end of the second day of Congress all the delegates will meet for the “Follow-up to working groups and next steps” in order to sum up and discuss the results of working group sessions.

During this year’s Congress 4 working groups will be led by distinguished chairs:

**Fitness and exercise in obese children**
Chairs: Grace O’Malley - David Thivel

**Methods of behavioural intervention-motivational interviewing for health professionals/ family therapy**
Chairs: Moria Golan - Paulina Nowicka

**Anthropometric measurements in children**
Chairs: Anna Rito - Eliza Markidou

**Policy options for prevention of childhood obesity**
Chair: Margherita Caroli

1. **ECOG members**: Only existing members who have paid the registration fees for the last three years of their membership (2014/2015/2016) and new members who were accepted last year/two years ago and paid their fee annually can benefit from the reduced ECOG member fee

2. **ECOG members from EEC**: ECOG members from Eastern European Countries

3. **Students**: Proof of status has to be submitted to athens@globalevents.gr

Parking
There is ample free space for parking in the forecourt of the Conference Centre
Climate and Clothing
At this month of the year the temperature ranges from 15°C to 18°C (60°F to 65°F) and is getting cooler during the nights. The dress code is of individual choice and variable from casual to sporty, according to personal preference.

Electrical supply
Voltage in Greece is 220 V, at a frequency of 50 Hz. Plugs are continental style, two-pin. A plug adaptor should be taken along incompatible electric / electronic gadgets to be used.

Internet
Internet facilities are available at the Business Centre of the Porto Palace Hotel.

Taxis
Taxis may be arranged by the concierge of hotels or the Congress Secretariat. The trip to Makedonia airport as well as downtown takes approx. 20 min and fare is around € 20 or € 30 respectively.

Pre & Post tours - Car rental
Various post tours in Thessaloniki or in the North Greece can be organized. Car rentals may be arranged through the Congress Secretariat.

Mobile telephones
There is excellent coverage for mobile telephones in Greece. The local mobile telephone providers have roaming arrangements with worldwide mobile telephone providers. Please note that in Greece speaking on a mobile telephone, whilst driving is not allowed and if caught it may lead to prosecution. Mobile telephones MUST be switched off when inside the scientific sessions.

Emergencies
Whilst in Greece, European Union citizens may seek any help they might need (police, ambulance, fire brigade, coast guard) by ringing from anywhere in Greece the number “112”. The number is answered by English-speaking staff, and may be dialed from public telephones or mobile telephones. Please note, the registration fee does not include medical or any other insurance. In emergency cases, medical services in Greece will be provided at nominal fees, under the National Health Service auspices. However, no transportation to the delegate’s home country would be provided. In case of emergencies, please talk to members of the organizing committee or the congress secretariat for immediate attendance.
Currency - Banking hours
The currency in Greece is the Euro (€). Banking hours are Monday-Thursday from 8:00 to 14:30 and Friday from 8:00 to 14:00. Service tills are available in all bank branches and accept cards from most banks of the world.

ATM
Automated Cash Dispensers (ATM) are located outside most banks. Cash can be withdrawn there, 24 hours a day. National and foreign Maestro Cards (Cash Cards) as well as Mastercard, American Express, VISA and Diners are accepted. Money can also be changed at the airport.

VAT refund
Visitors from outside the European Union will be able to claim on purchases at the VAT offices at the point of departure from the European Union. Further information can be provided by the Congress Secretariat.

Visa and Passports
Citizens from the most European countries will only need a valid passport. Please consult the Greek Embassy of your country about the necessity of visa application.
